Bergamo, Italy

Travel photographer and writer from Tampa, Florida, now **based in Bergamo, Italy** for the past 4 years. Specialized in landscape and storytelling images, I bring my love for discovering new details of culture and places to my compositions. In addition to photography, I'm the voice behind **She Goes The Distance**, helping people travel more authentically in Italy and beyond. My photography work has appeared on the **Travel + Leisure** website for over two years, providing imagery drawn from past journeys and commissioned shoots.

A photograph of a narrow, paved path winding through a dense bamboo forest. The path is flanked by tall, thin bamboo stalks and thick, dry, brown brush. Sunlight filters through the canopy, creating dappled light on the path. The text "My Work" is overlaid in a white, serif font in the center of the image.
